Summer Term

Year
Two

English

We will continue to read and listen to a variety of books.

We will look closely at stories by a significant author and use this to inform our own writing.

We will learn about poetry and try to recite this by heart.

RE & Character Education

In RE we will focus on Christianity and specifically incarnation and salvation looking at the Christmas and Easter stories.

In Character Education we will learn about safe relationships, how to manage hurtful behaviour and how to keep safe.

Physical Education

We will be developing our ball skills, striking and fielding techniques and fitness.

Finally, we will focus on athletics.

Maths

This term we will continue to build on our arithmetic, and fraction skills.

We will also delve into money, position and direction and statistics.

We will still be looking at the four main operations.

Memorable events

Residential trip to Rand Farm Park.

Sports Day.

Road Safety Workshop.

The Arts

We will explore our portrait skills and develop this into clay sculptures as we learn about Pablo Picasso.

We will create our own healthy lollipops in DT.

In music, we learn the recorder and think about our composition skills.

Science

We will learn about sources of food and what animals need to survive.

We will discover how plants and animals including humans grow.

We will look at different plants in detail.

History & Geography

We will explore the life and work of Florence Nightingale and why she is important in history.

We will focus on fieldwork. Reading and creating maps and learning how to use a compass.

Computing

In computing we will be creating digital music and develop our programming skills.

We will continue to revise and promote Internet Safety and what we can do to stay safe online.

Living and growing
