Summer Term

Year
Three

English

We will learn to use commas for clauses accurately. We will also apply this knowledge to ensure sentences are extended through conjunctions.

We will use this learning to write fictional stories from other cultures, poetry, explanation texts and recounts.

Physical Education

In PE, we will be learning about athletics, cricket, rounders and basketball.

RE & Character Education

In RE, we will consolidate our knowledge of Christianity.

In Character Education, we will explore managing behaviours and think about how to keep safe.

Maths

We will learn to multiply and divide using formal methods.

We will learn how to find non-unit fractions of a number.

We will consolidate our knowledge of the 4 and 8 times tables and learn the 6 times tables.

Memorable events

Through our DT project, we will have an Ancient Egyptian feast.

We will have an Ancient Egyptian experience day.

We will go on an Olympic day trip to experience all of the exciting events.

The Arts

In art, we will investigate portraiture and create a free standing sculpture of a sphinx.

We will continue to build on our music knowledge during our sessions with a specialist teacher.

Science

We will learn to about forces and magnets.

We will explore light and the human eye.

Computing

In computing, we will learn how to develop our algorithm skills.

We will also know how to desktop publish on a laptop and make edits to it.

History & Geography

We learn about the significant events that happened during the Ancient Egyptian period.

We will also investigate the location of the Nile and the importance of this river.

ANCIENT EGYPTIANS
