# What is Enhanced Provision?

Enhanced provision is Witham St Hughs Academy's extra-curricular offer. This extensive programme of enrichment offers children the opportunity to develop skills beyond the school curriculum.

## What kinds of opportunities will be available to my child?

We have carefully considered the breadth of provision on offer to cover art, sport, STEM, language and literacy, community and humanities. These clubs will run throughout the whole academic year allowing children to build in-depth skills in these areas. You may notice slightly more clubs on offer to KS2 than KS1, this is simply due to KS1 having 2 year groups and KS2 having 4 year groups - it is important to us that children have a good opportunity to gain a space in a club they wish to attend. All clubs will run after school from 15:30 - 16:30.

## Why is there a charge for all clubs?

Due to the high quality of external providers, all clubs require a small charge to ensure that these can be offered to pupils. Many of these clubs are being heavily subsidised by the Academy to ensure they remain affordable. Staff clubs are also subject to a charge, to ensure that high quality resources can be purchased to support this offer. Academy staff do not receive any of this money themselves; it is all used to fund the resourcing of clubs for the benefit of pupils. We have purposely ensured that all clubs are charged at the same rate, to guarantee that cost is not a factor in children's choices of enhanced provision. Pupils in receipt of the Pupil Premium, will be able to access one club subsidised fully by the Academy.

## Who will be running these sessions?

A significant number of sessions will be run by external providers, who are experts in their field. A number of other sessions will be run by the school staff team, who will be giving their time to offer children this enhanced provision after school.

## Why do children need to commit to a full term?

Numerous research studies highlight the academic and social benefits of sustained extra-curricular engagement. Just like clubs children may attend at weekends, the longer children commit to developing a new skill, the more successful they are likely to become. We have therefore decided that children should commit at least 1 'big' term (Autumn, Spring or Summer) to developing a new skill, before reviewing if they wish to continue. Children already signed up to a club will always get the option to continue this into the next term, before additional places are offered out.

# How do I book?

Bookings will open in advance of each term starting with the exception of Autumn term which will open at the start of September. You will receive a text message to let you know that the booking system is open and you are able to book on for the upcoming terms clubs. Payment via SchoolMoney will be required in order to reserve your child's space for the term. Our booking window stays open for several days, allowing parents and carers to book on at a time suitable for them.

If your child is eligible for the Pupil Premium, or you wish for further support, please contact the office team who will be able to help you.
