

Year 2

This term our topic is: A Toy's Story

Phonics and Literacy

- In phonics, we will consolidate our knowledge of set 3 sounds and use these to read words confidently. We will be using capital letters, full stops and conjunctions in our writing.
- In Literacy, we will be looking at stories from other cultures and creating our own stories.

Maths

- At the start of this term we will be focusing on number and place value.
- Every Monday our maths lessons will have an arithmetic focus.
- We are also introducing Fraction Friday every week!

Design and Technology

- In Design and Technology, we will be designing a waterproof coat for a toy bear. We will be researching the most appropriate material to use and then testing our researching by making the coat.

Memorable Events

- We hope to hire a toy box from a museum so that the children can compare their toys to those that were used in the past.
- We hope to be performing a Christmas Production in December.
- The immersive suite will transform into a Church during our RE lessons so that the children can virtually experience how Christians use their place of worship.

Computing

- In computing, we will be turning into programmers and using the iPad in order to create algorithms and even make and test our own online games!
- We will also be looking at the importance of keeping safe online.

RE/ Character Education

- In RE we will learn about Christianity. We will be comparing the stories of the old testament and the new testament.

Science

- We will learn the names of a range of materials and learn about their properties. Furthermore, we will be testing the suitability of those materials.
- We will carry out simple tests and present our findings.

History/Geography

- We will be naming and identifying the countries in the UK.
- We will be comparing the children's toys to toys from the past.
