

Witham St Hughs Academy
Service Pupil Premium 2022/2023

Witham St Hughs Academy is located on the site of RAF Swinderby that was closed in 1993 and has many RAF bases in the local area. Currently, the Academy has approximately 11% of pupils who are from a Forces family. Due to the nature of the surrounding bases, the academy has an extremely low number of pupils transitioning to alternate settings due to new postings, however deployments of family members are regular.

In April 2011, the Department for Education introduced the Service Pupil Premium (SPP) in recognition of the specific challenges children from service families can face. State schools, academies and free schools in England receive £320 per pupil that meets the eligibility criteria. The purpose of the Service Pupil Premium funding is so that we can offer mainly pastoral support during challenging times and to help mitigate the negative impact on service children of family mobility or parental deployment.

Eligibility Criteria:

Pupils attract SPP if they meet one of the following criteria:

- One of their parents is serving in the regular armed forces (including pupils with a parent who is on full commitment as part of the full time reserve).
- They have been registered as a 'service child' on the January school census at any point since 2015.
- one of their parents died whilst serving in the armed forces and the pupil receives a pension under the Armed Forces Compensation Scheme or the War Pensions Scheme.

Service Pupil Premium

The Department for Education have guidelines for use of the spending and models of best practice as it is understood that the funding must be spent to meet the needs of each setting. Schools are held to account for the spending of this funding through the focus in Ofsted inspections on the progress and attainment of their wider Pupil Premium eligible pupil cohort.

What can the Service Pupil Premium be used for?

- Offer pastoral support during challenging times.
- Support during transition to new settings.
- Enable further communication with parents/carers who are deployed.
- To build a wider sense of community (e.g. trips, projects and social time to build relationships with their peers and Forces families).
- To gain a greater understanding of the role that their service parent plays to help them to cope with potential strains of service life (e.g. military specific trips).
- ***Service Pupil Premium cannot be used to subsidise routine school activity such as to trips, residential visits or music lessons.***
